

We Make IT Happen

Hixardt Technologies, Inc. (Hixardt) is an integrated network infrastructure, cloud services, and professional information technology (IT) solutions provider. Hixardt provides virtualization, cybersecurity, and compliance services to meet the demanding needs of commercial businesses, government contractors, educational institutions, as well as local, state, and federal government organizations. Hixardt was established in 2001 as a minority-owned business and is designated as a service-disabled, veteran-owned small business (SDVOSB) specializing in Professional IT Consulting / Staffing and Cloud Managed IT Operations.

How Hixardt Helps the Government?

We are experts in taking over existing programs, accelerating them, and making them stronger. Our experience and knowledge of Helpdesks, IT, and Cloud Services, along with best practices, assures Hixardt Technologies will deliver high-impact strategy, collaboration, and technical services that will be of the most value to the Government. With our knowledge and experience, we will be able to deliver and successfully migrate services from one enterprise system to another with a minimum impact to the users.
